RORO- Go Live

BOXCO Logistics P. Ltd. (of the J. M. BAXI Group) recently had gone live in SAP on a new business segment named RORO (Roll Of /Roll Off) which was added to their existing business divisions Project and Bulk. Boxco had acquired a specialized Barge Vessel to facilitate RORO operations.

Every Roll-On Roll-Off operation is unique, depending on lots of internal and external factors like the time of the day, tides, the gradient of the terrain, the stability of the barge to name a few. Thus precision required in RORO operations involves close monitoring and control.

Azhar Dhanse (Project Lead), Nelson Soares (SD Consultant), Monali Tamgadge (SD Consultant), Nikhil Patil (PS Consultant), Rohan Wadkar (MM Consultant) Amol Bairagi (MM Consultant) from ConstAccent worked on this project.

"We have done successful implementation for our new segment RORO with the help of ConstAccent Team"

- Vinod Waghela

(Assistant General Manager)

ConstAccent Team at Boxco with Vinod Waghela(AGM) & Rashmi (IT Senior Manager)

BOXCO- Kick Off

Anand Kulkarni (IT Head Boxco) with ConstAccent Team

BOXCO Logistics, Project Logistics Division believes in partnering through innovative business models in their growth plans. The Project Division handles the logistics operations of General Cargo and ODC (Over Dimensional Cargo)

The Bulk Handling division of BOXCO Logistics, specializing in bulk and break-bulk cargo operations, is an efficient and professionally managed maritime logistics service provider which provides comprehensive transport and logistics services across all major ports in India.

Currently they are using standard SAP for Logistics Business requirements and most operations (excepting Finance) outside SAP.

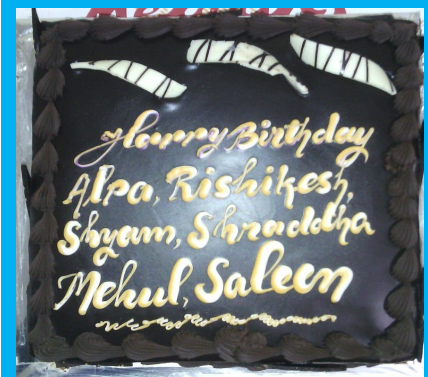

The primary objective of this Enhancement Project is increase usage of SAP for their Logistic Operations and other business requirements and also increase efficiency of existing operations in SAP.

ConstAccent would explore and implement the DMS Component using SAP Content Server, PS Optimization, ECM Methodology, EP and PO (Process Orchestration) – Single Sign On from EP Server, Optimum usage of Work Flow in Project (for alert mails), Explore developments of JMB not used in BOXCO which can be used in this Enhancement Project.

HR For YOU

ConstAccent Family started with one more motivational initiative for employees.

End of every month we celebrate birthdays of our employees, it helps to increase their happiness & team building within the organization.

“ADVENTUROUS SILVASSA”

It was time for team outing and this time we headed to “Silvassa” with selected team members. It was a memorable one day picnic as we got a chance to know each other very well. Had lot of fun with colleagues and our Director Mr. Ramesh Pillai.

Health Tips

Don't catch the Monsoon Fever

Rains are great to beat the heat, but they also bring along a host of illness and diseases. Keep common monsoon ailments at bay with our to-do list :

Gear Up : Carry umbrella / raincoat / windcheater along with you while stepping out.

Avoid outside food and water : Food and Water gets easily contaminated in the rains. Eat out only if you have to.

Carry Clothes, stay dry :
Keep an extra set of clothes with you at office. This will let you stay dry even if you get caught in heavy rains.

Drink lots of boiled or warm water : It helps in flushing out the toxins.

Increase your intake of Vitamin C with foods like oranges, papaya, bell peppers, Brussels Sprouts, Cauli Flower, Lemon Juice, Strawberries to name a few. Don't forget to wash them thoroughly before having these fruits.

DANA SPICER – Kick Off

DANA Spicer Team with ConstAccent Member

ConstAccent kicked off analytics project for Dana Spicer across their functions.

The project is split into 3 phases, covering finance, logistics & other operational areas of Dana.

They underline tech. to be used is SAP BI & Bo, fetching data from primary source SAP ECC.

Suveer Bhatia would lead this project along with 2 senior consultants Jitendra and Malllesh.

This initiative will pay our journey through Anand Group & CA is confident of penetrating through Anand group with our portfolio & Services.

Aggressive Initiative for Success Factor & HANA Migration

ConstAccent jointly along with SAP has embarked on an initiative to promote SAP Success Factor & SAP HANA migration.

ConstAccent had initial rounds of meetings with India as well as APJ SAP managers to plan the initiative.

ConstAccent would be going with extremely aggressive plan as part of their GTM. We have already identified few accounts & working on many more to make this initiative successful.

In Memory of...

It's a regret to inform a sad demise of Lakhichand Pawar on 11th June, 2016. Our PP Consultant deputed at our client site.

Team ConstAccent express our condolence to their family.

As a token of compensation ConstAccent Management supported his family with Rs. 5 Lakhs.

Knowledge Upgrade Program

We have been delivering Knowledge upgrade programs consistently for long time. Our portfolio has been expanded now and encompass Supply Chain, SCRM, BI-BO, Simple Finance, Fiori (Mobility) in addition to Core ECC functions.

More than 500 career aspirants have directly benefited from this so far...

Star Performers at ConstAccent

Though there are many Stars, but few have remarkably proven their skills in our organization. This month we have few picks from the lot and we are looking forward for more in coming months among you.....

 Abhishek Kadam : ABAP Consultant

 Siddhesh Kawale : FICO Consultant

 Ms. Deepti Koli : ABAP Consultant

 Vinayak Mahadik : FICO Consultant
